Objectives

of the project:

1) Study and Analysis

- Conduct a comprehensive study of capacity-building needs and the current state of social dialogue at both national and European levels in the energy sector.
- Examine existing practices and challenges to identify key areas where support is needed.
- Develop targeted recommendations to empower social partners for effective engagement in European Social Dialogue.

2) Capacity Building

- Enhance the skills and capabilities of social partners to actively participate in social dialogue processes.
- Strengthen their ability to address sector-specific challenges in the energy sector.
- Enable social partners to contribute meaningfully to policy-making efforts aimed at resolving energy sector issues.

3) Awareness Raising

- Promote the importance of national and European social dialogue through targeted awareness campaigns.
- Disseminate information materials and engage stakeholders to showcase the benefits of social dialogue.
- Highlight how social dialogue can help address key challenges in the energy sector.
